ABOUT US

Chetan Limbachiya Architects (CLA Architects) is an established architecture and design practice founded in 2004, with over 22 years of experience across India and international locations.

Our work spans architecture, interiors, planning, residential, hospitality, commercial, institutional, and high-rise developments.

With a focus on design excellence, functionality, and attention to detail, we create timeless spaces that respond to their context while reflecting contemporary design thinking.

Experience. Design. Excellence.

- Design & Build
- Site Planning & Development

CLA
ARCHITECTS

OUR APPROACH

We are a design-driven architectural firm specializing in luxury bungalows, villas, farmhouses, bespoke interiors, hotels, restaurants, institutional, industrial and high-rise projects.

With a strong portfolio across India and select international locations, we create elegant, functional spaces that balance design excellence with value.

We believe every project begins with understanding its context, purpose, and people. Our approach combines thoughtful design, functional planning, and meticulous detailing to create spaces that are distinctive, timeless, and meaningful.

We bring together creative thinking and technical expertise, ensuring that every design is not only visually refined but also practical, responsive, and built to endure.

PHILOSOPHY

We believe thatsuccessful architectureisbestachieved through effective partnershipofallprojectstakeholders with the common goal of optimizing functional and market vaibility through creative design.

We work together with our Clients as a collaborative team member. We are dedicated to understanding our Client's economic and functional goals. We adopt them as our own, and work together with them towards implementation.

Our design philosophy constantly seeks to produce excellence, high quality work, completed on time and within budget.

Function, Efficiency , Beauty and Economy are the keystones of each CLA project.
